

'22 DRIVING Change

GOING THE EXTRA MILE

PARTNER INVITATION

You're invited to collaborate with the National Organization of State Offices of Rural Health (NOSORH) and invest in our mission! As the membership association of the 50 State Offices of Rural Health (SORH), NOSORH supports the work of the SORH and their stakeholders with a shared mission of improving health in rural America through advocacy, leadership development, education, and vital partnerships.

When you partner with us, you join a "Power of Rural" movement that rallies around those in rural health and celebrates all who go the extra mile to address rural America's unique health challenges. NOSORH has a track record of meaningful relationships with collaborators – tapping into their expertise, promoting their mission and work, developing revenue-generating efforts, and engaging them as strategic thought partners to explore services for rural communities and providers.

We want to grow working relationships with organizations that share our commitment to the 50 SORH and their stakeholders! Will you help NOSORH drive collective change in 2022 and beyond?

Invest in NOSORH

No matter which level you select, know that your contributions will make a difference in rural health.
